Re: Tax Parcel(s) 13100800004008

To Whom It May Concern:

We recently received signed petitions from you requesting that Artesian Water Company, Inc. provide water service to properties near you.

In order to provide your area with public water, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public water service provider for your area. You are not obligated to connect to the public water system when it becomes available.

Under the law, the Public Service Commission is obligated to grant a CPCN to a utility to provide water services if a majority of the landowners in a proposed service area have requested the utility's water services. This means that even if you have not signed a request for the utility's water services, your property may be included in the utility's service area if more than half of the landowners have made such requests. If you want your property included in the service territory, even though you did not sign a request for the utility's water services, then you need not take any further action. However, if you do not want your property included in the utility's proposed service territory or if you oppose the utility providing services in the area, then you must do something under one or more of the attached options within 60 days.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact me at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Water Company, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- "(1) Pursuant to Title 26, §203C(e) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 25. Your property has been included within an area Artesian Water Company, Inc. intends to serve with public water and we are required to inform you of certain information. The area to be served is Sussex 0409.
***If you agree to the inclusion of your property in the proposed service area, no action on your part is required.
- (2) Pursuant to current law, you may file an objection to receiving water service from Artesian Water Company, Inc. Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Water Company, Inc. for the proposed service area, including your property, if a majority of the landowners in the proposed service area object to the issuance of the CPCN. If you object to receiving water service from Artesian Water Company, Inc., you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (3) Pursuant to current law, you may also elect to opt-out of inclusion in the proposed service area. The term "opt-out" means that you decide that you do not want to receive water service from Artesian Water Company, Inc., even if a majority of the landowners in the proposed service area do elect to receive water service from Artesian Water Company, Inc. If you decide that you do not want to receive water service from Artesian Water Company, Inc. and instead wish to opt-out, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) You may also request a public hearing on this matter. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (5) The written notice of your decision to object to the issuance of the CPCN, to opt-out of receiving water service from Artesian Water Company, Inc., and/or your written request for a public hearing, shall be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (6) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.

To Whom It May Concern:

We recently received signed petitions from you requesting that Artesian Water Company, Inc. provide water service to properties near you.

In order to provide your area with public water, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public water service provider for your area. You are not obligated to connect to the public water system when it becomes available.

Under the law, the Public Service Commission is obligated to grant a CPCN to a utility to provide water services if a majority of the landowners in a proposed service area have requested the utility's water services. This means that even if you have not signed a request for the utility's water services, your property may be included in the utility's service area if more than half of the landowners have made such requests. If you want your property included in the service territory, even though you did not sign a request for the utility's water services, then you need not take any further action. However, if you do not want your property included in the utility's proposed service territory or if you oppose the utility providing services in the area, then you must do something under one or more of the attached options within 60 days.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact me at 1-800-332-5114 or (302) 453-6983.

Sincerely,

To Whom It May Concern:

We recently received signed petitions from you requesting that Artesian Water Company, Inc. provide water service to properties near you.

In order to provide your area with public water, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public water service provider for your area. You are not obligated to connect to the public water system when it becomes available.

Under the law, the Public Service Commission is obligated to grant a CPCN to a utility to provide water services if a majority of the landowners in a proposed service area have requested the utility's water services. This means that even if you have not signed a request for the utility's water services, your property may be included in the utility's service area if more than half of the landowners have made such requests. If you want your property included in the service territory, even though you did not sign a request for the utility's water services, then you need not take any further action. However, if you do not want your property included in the utility's proposed service territory or if you oppose the utility providing services in the area, then you must do something under one or more of the attached options within 60 days.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact me at 1-800-332-5114 or (302) 453-6983.

To Whom It May Concern:

We recently received signed petitions from you requesting that Artesian Water Company, Inc. provide water service to properties near you.

In order to provide your area with public water, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public water service provider for your area. You are not obligated to connect to the public water system when it becomes available.

Under the law, the Public Service Commission is obligated to grant a CPCN to a utility to provide water services if a majority of the landowners in a proposed service area have requested the utility's water services. This means that even if you have not signed a request for the utility's water services, your property may be included in the utility's service area if more than half of the landowners have made such requests. If you want your property included in the service territory, even though you did not sign a request for the utility's water services, then you need not take any further action. However, if you do not want your property included in the utility's proposed service territory or if you oppose the utility providing services in the area, then you must do something under one or more of the attached options within 60 days.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact me at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

- "(1) Pursuant to Title 26, §203C(e) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 25. Your property has been included within an area Artesian Water Company, Inc. intends to serve with public water and we are required to inform you of certain information. The area to be served is Sussex 0409. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required.
- (2) Pursuant to current law, you may file an objection to receiving water service from Artesian Water Company, Inc. Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Water Company, Inc. for the proposed service area, including your property, if a majority of the landowners in the proposed service area object to the issuance of the CPCN. If you object to receiving water service from Artesian Water Company, Inc., you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (3) Pursuant to current law, you may also elect to opt-out of inclusion in the proposed service area. The term "opt-out" means that you decide that you do not want to receive water service from Artesian Water Company, Inc., even if a majority of the landowners in the proposed service area do elect to receive water service from Artesian Water Company, Inc. If you decide that you do not want to receive water service from Artesian Water Company, Inc. and instead wish to opt-out, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) You may also request a public hearing on this matter. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (5) The written notice of your decision to object to the issuance of the CPCN, to opt-out of receiving water service from Artesian Water Company, Inc., and/or your written request for a public hearing, shall be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (6) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (7) Questions regarding objections, opt-outs, and hearings may be directed to:
